

Dear friends!

A new Christmas is standing at the door and it's time for the traditional Christmas greetings!

We are thankful that we are healthy and can be engaged in the ordinary things of daily life.

This year also had its special highlights. In January Brit-Lajla celebrated her 70th birthday. It was celebrated with family. After that we went to Hawaii to continue the celebration. An old dream came true! It's nice in Hawaii. It is not just "blue Hawaii" because the islands are green and fine. Being on the beach at sunset, was great!

In April we had a 10 day bus tour of northern Europe. It was interesting to get to Paris, and really great to stroll around in the flower park Keukenhof in Amsterdam. It was a great trip with many new acquaintances

Some pictures of our grandchildren:

<p>Darius at a wedding in London. He gets two years in February 2017</p>	<p>Here we see Celine (11 years), Ava (4 years) and Taina (11 years) - three good friends,</p>	<p>Gabriel loves to play football. He is nine years old.</p>	<p>Leila is clever to paint pictures. She is now in second grade</p>	<p>Christian (top) goes last year of high-school Patrick is now 13 years</p>	<p>Alexander has been in the military this year.</p>

Having so much in touch with children and grandchildren is a great blessing! They create a lot of fun and laughter! And we think it keeps us other slightly younger.

This Christmas Elisabeth and David with family celebrate Christmas in Denmark along with David's family.

Ariel and Hosna will stay in Oslo, celebrating Christmas with her family.

And the rest, Rosi and Ruben and their children will stay with us.

Now we can celebrate the great miracle happened for more than 2,000 years ago, that Jesus became flesh and made his dwelling among us!

We wish a blessed Christmas weekend and a Happy New Year !!

With regards

Brit-Lajla og Sudeep
